

THE NEW GENERATION OF INTERACTIVE DISPLAYS

Imagine being able to share videos, images, data, documents, catalogues with your colleagues or clients whilst sat around the same multi-touch desk surface. Imagine being able to simply throw these documents to business partners or clients on the other side of the

world through multi-touch video conferencing. Imagine being able to place your mobile phone onto a multi touch surface and upload presentations.

The future is here. This is Your Surface.

VIDEO CONFERENCE TABLE

An elegant and contemporary range of furniture that integrates the latest in video conferencing facilities including true multi touch functionality.

Our video conferencing facilities allow you to co-ordinate multi-touch technology into video conferencing facilities. Pass documents between you on video conferencing calls, and work on documents

together with the ability to see each others amendments in real time.

The furniture is built by our partner Hands and tailored to suit your office environment, either creating fresh, contemporary styles or a more classic, elegant look.
