world through multi-touch video conferencing. Imagine being able to place your mobile phone onto a multi touch surface and upload presentations.

The future is here. This is Your Surface.

INTERACTIVE WALL

Available in 40", 50" and 60" sized standard sizes or tailored to completely bespoke size, this is a multi-user, multi-touch surface.

Interactive wall surfaces are the ultimate corporate or entertainment tool. Whether you want to give stunning presentations through a multi-touch wall system or engage visitors to your reception area, we can provide you with a system to suit your needs.

It is a great way to save space in expensive offices specifically for the fee earning organisations such as Auditors, Accountants and Legal practices.

The flexibility of the design means screens can be seamlessly joined to provide a long interactive surface to enable multiple people to interact at any one time.
